Dear Sir:

In response to the Notice of Allowability mailed December 29, 2009, the Applicant traverses the Examiner's statements regarding allowable subject matter to the extent they differ from a mere restatement of the claim language. Applicant further traverses the Examiner's statements and reasoning insofar as they would lead to or suggest, if at all, an interpretation of the claimed invention different from the full extent of claim scope afforded thereto by the established law in the absence of the statements regarding allowable subject matter.

Respectfully submitted,

Randy L. Campbell, Jr.
